REVOLUTION TEA INTRODUCES CERTIFIED ORGANIC TEAS FEATURING THE FIRST BIODEGRADABLE PYRAMID TEA BAG

PHOENIX, January 2005 – Revolution Tea, creator of the T-Box Revolution™ single serving box, T-Pot Revolution™ Retail Tin and the recently launched all natural bottled White-T™, will introduce another first. The innovative tea company from Phoenix, Arizona introduces a line of certified organic teas, named T-Organics, in the first 100% biodegradable pyramid bag. Even the tin packaging is reusable and recyclable.

"We are delighted to be the first to introduce the 100% biodegradable pyramids bags with Revolution's first line of certified organic teas. The new bags are spun from a Polylactate Acid yarn which is fully biodegradable and performs in the same remarkable way as our Infuser and Teapot Infuser bags." said Larry DeAngelis, Revolution Tea CEO

The new line of premium full-leaf certified organic teas will be introduced at the Natural Products Expo West at the Anaheim Convention Center, Anaheim, CA March 18 – 20 2005 in 4 very characteristic flavors (Revolution Tea Booth #4730).

Scottish Breakfast Tea, a deeply satisfying tea, Organic Scottish Breakfast offers a natural approach to a traditional favorite. Made from a distinctive blend of three black teas – Organic Assam, Organic China Keemun, and Organic Nilgiri Dunsandale – this full-bodied, robust flavor is perfect morning, noon, and night.

Green Earl Grey Tea, made from Organic Chinese Sencha, this blend will forever change the way you perceive green tea. An exciting, original flavor, featuring notes of Italian Bergamot, Green Earl Grey is a hearty, refreshing pick-me-up with all the health benefits of green tea.

– More –

Huckleberry Red Herbal Tea, mellow and naturally sweet, this delightful tea blends organic honeybush, stevia, huckleberries, and the delicate tang of orange peels with rooibos, a South African herb.

Rooibos is caffeine-free and provides more antioxidants than green tea.

White Chai Tea, rich and wonderfully fragrant, this exquisite blend combines White Bai Mu Dan Leaf with cinnamon, ginger, and cardamom, all organically grown. White tea, whose silvery buds are the least processed of all teas, contains the highest amount of antioxidants.

The teas are packaged in a re-sealable and recyclable tin containing 15 bags. Suggested retail price is \$7.99
