

Revolution Iced®

Cleaning the Iced Dispenser

PURPOSE

The key to great tasting specialty iced tea is all about performing a weekly cleaning of the dispenser.

TOTAL TIME

10-Minutes

PREPARATION

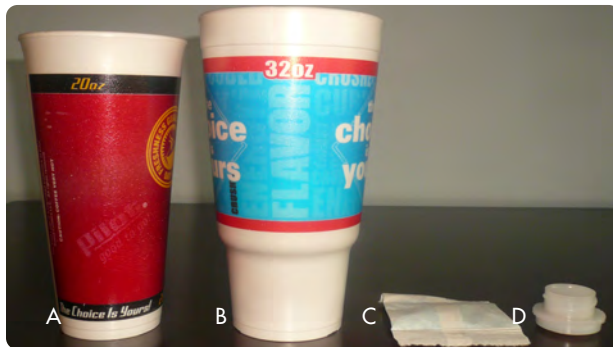

The four-items needed for cleaning are:

A (1) 20-oz HOT Cup

B (1) 32-oz COLD Cup

C (1) Packet of blue cleaning powder

D (1) White Cleaning Adapter

STEP 1

Disconnect tea pouch from blue connector and set pouch aside

STEP 2

Place 32-oz COLD Cup under faucet

STEP 3

Screw White Cleaning Adapter onto blue connector

STEP 4

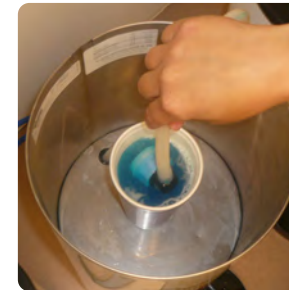

Lift tube up and pull down on faucet handle to drain all tea from the tubing

STEP 5

Mix (1) Packet of blue cleaning powder with HOT WATER from coffee machine spout to fill 20-oz HOT Cup

STEP 6

Set 20-oz HOT Cup of blue cleaning mixture into top of brewer and insert blue connector into 20-oz HOT Cup

STEP 7

Pull down on faucet handle until blue cleaning solution is completely emptied from 20-oz HOT Cup

STEP 8

Fill 20-oz HOT Cup with hot water only and repeat Step 6 and Step 7

STEP 9

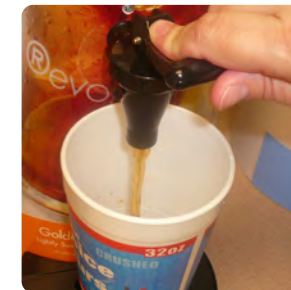

Un-screw White Cleaning Adapter from blue connector

STEP 10

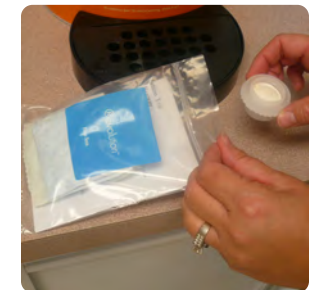

Reconnect tea pouch to blue connector and load tea pouch back into top of dispenser

STEP 11

Pull down on faucet handle until solid tea stream is visible (about 5-seconds time)

STEP 12

Place White Cleaning Adapter back inside plastic storage bag for use with next cleaning
